Material Sampling Technologies Breaks Ground on North Smithfield Facility Expansion Project

N. Smithfield, RI – January 5, 2010 –Today, John Silvestri, President of MST announced the expansion of MST’s facility located in North Smithfield, RI. This \$200,000 project will add approximately 8,000 square feet to the current facility.

“Demand has created an immediate need to increase our service capacity. While the expansion area will be used mostly for warehousing and additional processing, it will enable us to increase our overall process efficiencies by as much as 30%.” said Mr. Silvestri.
